# Land Rover Club of the ACT - Presidents Report

## July 2018

Welcome to the President's first winter report of 2018. We missed the June report due to travel (including the Heritage Drive) so we there's a few things to update.

Let me take an opportunity to thank Paul and Kaylene Koppe for running the June club meeting for me.

### **Important Changes to Club Meeting Dates**

As a result of a push by Eastlakes AFL Club to get more commercial use of their meeting/conference facilities I need to communicate important changes to the September and October Club meetings.

**The September Meeting will now be held on Monday 10<sup>th</sup> September.**

**The October Meeting (including the AGM) will now be held on Wednesday 10<sup>th</sup> October.**

Please adjust your diaries, but rest assured we'll communicate these changes regularly over the next couple of months.

### **2018/2019 Membership Renewal**

Membership subscriptions are due and payable as at 30<sup>th</sup> June 2018.

Shortly a set of instructions will be made available to all members which will guide you through the process of renewing your membership via the club website.

So Stay Tuned.

The committee has agreed to continue with past practise and will not declare a membership lapsed for a short period so I urge all members to action your renewal as soon as possible once the process guidelines are released.

### **The 2018 Outback 2018 Outback Heritage Drive**

The 2018 Outback Heritage Drive (dubbed the "Back of Beyond Tour") was run in early June with all participants hailing it a great success. For Jan and I it was a great experience.

As President there are four key takeaways from the drive:

1. The professionalism and passion demonstrated by Kevin Phillips and Peter Mercer was amazing. They complement each other perfectly which made the event run seamlessly. I applaud their contribution.
2. I met a number of club members and regular Series owners who are not local to ACT region which means they are unable to attend regular club meetings/events, it was rewarding to meet these new friends. The comradery and tolerance on display by such a diverse group of people was incredible to

witness.

3. In planning this drive Peter and Kevin looked to support, where possible, the people who live and work the properties and businesses in the far west. I was sobering to see the resilience of all those Station Owners and other businesses and support groups.  
I was so glad we could support them.
4. The Heritage Drive participants traditionally look for ways to support worthwhile causes along the way. As a result, sizeable donations were made to the Isolated Children's Parents Association (ICPA) as well as Tibooburra and White Cliffs Local Area Health Clinics. It was very satisfying by all of us to see the excited look on the faces of the recipients.

Great Drive!

#### **4WD Spectacular**

We have now received our contribution from the 2018 4WD Spectacular. As previously flagged the show was a great success and our share of the funds has increased nearly 25% from last show.

As I eluded to in my May report Jan and I visited RFDS at Dubbo as well as Condobolin, Blayney and Lithgow hospitals auxiliaries to present their donation letters on behalf of the three clubs. Check out the LRC Club's Facebook Page for a few pics. It was a great experience to see and hear what these dedicated people are doing to support their communities.

Also part of the planning discussion for the 2020 Show has included strategic investment in key systems and layout changes to ensure the show can continue to grow and remain relevant to Exhibitors and Customers.

John Jedryk and Garry Blagdon have kindly agreed to join me in representing the LRC in progressing the pre planning for the 2020 show. This all kicks off this month,

Yes! Only 18 months till the next show.

#### **Business as Usual Review**

The committee continues to carry out the review of the constitution and the operation of the Web services. We will keep the membership up to date over the next couple of months.

#### **Trip Calendar**

There are plenty of opportunities to run trips over the next few months. Even if you are looking ahead to spring and beyond grab that slot now and start planning.

If you are looking to run a trip and not sure of next step, please contact Ian Toten ([tripcoordinator@lrc.org.au](mailto:tripcoordinator@lrc.org.au)) who is more than keen to help with ideas and timing.
