REPORTS

President's Report: (Bob Zeitlhofer)

Welcome to the first LRC meeting for 2022.

The Christmas party was held in mid-December at Majors Creek and it was a great event with more than 50 members attending along with plenty of kids. While we were treated to some dodgy weather, the venue at Majors Creek again met our needs. I'd like to make a few thank yous:

- Our social secretary, Gemma;
- Eric Rigter, who played the part of Santa this year and performed so well, he might be in danger of making it a permanent role;
- And of course, the members who came along and contributed to make it a very successful weekend.

The Christmas Party was complemented nicely by Passions in the Park where a number of interesting and unusual vehicles were on display. Thanks to Peter Mercer for making it happen. I suspect it may well become a permanent fixture on the club agenda.

Now to the future. It would be fair to say that the last two years have adversely affected the club, most notably from the point of meetings and trips. I commend Andrew and the committee for getting the club through the covid business as well as they did. It seems

the covid restrictions are on the wane and I believe it's now time to get things moving again.

In 2021, the committee conducted a survey of members as part of an operational review that was necessitated by the LRC's withdrawal from the 4WD Spectacular. I recently sent out a link to the review. The key findings seem to be:

- Not enough trips or activities
- LRC Members enjoy the social interaction at monthly meetings, but believe there should be more comprehensive trip reports and guest speakers
- The club needs mechanisms to recruit new members - younger members, and
- The LRC needs to continue its focus on heritage vehicles with a member to champion them

It is the committee's intention to direct its efforts at addressing these matters during the course of the next couple of years. Madam Vice – Margo has already begun to look at a program of bringing guest speakers to the club during the year and is more than happy to receive suggestions from members about potential topics and speakers.

In closing, Matt Bolton our website manager has decided to step aside at the 2022 AGM. I am seeking someone to fill that position, preferably with the time available to have a long handover with Matt.

Michael, the current holder of the Perpetual Trophy, passed the Trophy on to Andrew Lockley for his 4 years as previous President and 2 years as Vice President. The passing on of the Trophy to Andrew was met with a round of applause.

Michael advised that the "Karl" trophy, awarded on occasion of a spectacular failure by a member goes to Russell, for managing to bog his Disco 4 down to the chassis on Friday before at the Christmas Party at Majors Creek where it remained until Sunday. Russell's attempt to explain the incident saying that he did this to make his hybrid caravan nice and level.

Social Secretary: (Gemma Zeitlhofer)

Gemma advised she would be away June & July 2022 and was thinking of arranging the Mid-Year Getaway earlier in the year – possibly late April or early May taking advantage of the warmer weather with the theme being "Ye Olde Bush Banquet".

Gemma would be grateful if anyone has any ideas on a location where a group could camp, which has access for all types of vehicles, as well as be able to have a campfire or two, please drop her an email. Also, if anyone has a format/plan for running a 'Bush Banquet' she would like to see it.

Website Manager: (Matt Bolton)

Matt advised there were some technical issues that needed to be resolved in recent weeks. Bob advised that the LRC Microsoft 365 Team Site was “hacked” and an attempt made to send out some 400,000 emails over a 2-day period. Microsoft intervened by removing our ability to send club-related emails for several days. Grant Sebastian (Site Admin) made sorted the matter quickly. There has been no further issue to date.
