**REPORTS**

**President's Report.**

Bob advised members that we would be limiting reports from the Committee Members to allow for time for the presentation by Bec Mooy.

The guest presenter program continues apace at LRC ordinary meetings. At April's meeting we will welcome Bec Mooy to speak to us on the Hawkweed Project being delivered in National Parks and at the May meeting, Ian Bragg will talk to us about UHF radios, including usage protocols and convoy procedures. Thanks to Margo for managing the program. On the subject of meeting presentations, if members have any ideas for topics and someone who can present on them, or indeed, have a topic of interest on which they themselves wish to speak, please contact Margo at [vicepresident@lrc.org.au](mailto:vicepresident@lrc.org.au) and I'm sure that she'll work out something in the coming months.

Recently, I responded to a request from the Land Rover Register of South Australia seeking the LRC's views on the Register's annual Land Rover Show held at Melrose SA. Unfortunately, the LRC had little to offer in the way of advice on how the event might be run, but I was able share some insights on our experience running the 4WD Spectacular over a number of years. While this year's event has been cancelled, the Land Rover Show certainly looks like it might be of interest to LRC members and could well be coupled with a visit to the Flinders Ranges. If you would like to see a copy of the LRC's response, please contact Garry Blagdon – [secretary@lrc.org.au](mailto:secretary@lrc.org.au) and he'll provide you a copy.

The treasurer, David Wade, has been working hard to grip up the LRC asset register and now has an updated list of items held by the LRC. There are a few items missing, and there are a number of items that have passed their use-by date or are no longer required by the Club. Noting that while these items have limited or no use from the Club's perspective, they may still have some ongoing utility elsewhere. The committee will be looking at ways of disposing of these items over the next little while which may include offering them to members.

Finally, I and a number of other members, had an excellent trip up the Brindies on Sunday 3 April 2022. It was a well-patronised trip with eight vehicles making the trip. Thanks to Simon Nickson for leading it. Please check out Russell's trip report when it goes up on the web shortly.

Michael also asked members that had not previously requested a name tag, but wanted one, to indicate so in the column provided in the members attendance book.
