A happy hungry bunch of LRC Members met in the cold at Uriara Crossing for a trip out to the "Rollonin Café" at Bowning.

For a change of scenery and interest, Kevin led us via Mountain Creek & Yass Valley roads, through the Yass township, then left onto Black Range Road & right onto Common Road, before arriving at the Hume Highway in close proximity to the Rollonin Café at Bowning.

The Café was warm and inviting with friendly staff and tasty food.

Outside facilities are available for use when warmer weather allows, (anyone for pizza?).

We left Bowning via Yass with the Wade's heading home to pack for their next trip. The remainder of us taking the option to detour via Wee Jasper for a quick look at Billy Grace reserve, now under control of Reflections (as are the other 3 camps).

We then adjourned to the Wee Jasper distillery for refreshments and eats as selected.

We departed just after 2pm for the trip home via Sawyers Gully etc. A great time was had by all, many thanks to Kevin for an enjoyable day out.
